

I am disappointed to hear that the FCC is considering giving into the national bankers association regarding the Wisconsin no call list. This list was established because consumers are sick and tired of in your face advertising and sales tactics. It is annoying and I refuse to do business with any company that feels the need to call me. I want the sanctity of my home preserved and want nothing to do with these types of sales. I am on the no call list for a reason!!!! I do not want to be disturbed. period. ever.
